President's Message

Greetings,

As our Fall semester begins approaching its end, we have started to prepare our curriculum for the upcoming 2023 Spring semester with courses of interest in many areas of study.

Additionally, we want everyone to know that we are working diligently to minimize the class re-scheduling issues, and confusion that marked this transitional semester.

We also want you to know that we value your input. If you have any suggestions as to future course topics, instructors, or how we can improve our classes, etc., don't hesitate to leave information with the External Programs office in the Business and Education Building. We will follow up on any information given.

Please remember to save the date, as we will once again sponsor our Holiday Drop-In on December 7th, and we hope that many will attend this opportunity for fellowship, food, and drink.
