JANUARY, 2023

President's Message

Greetings,

We hope that you all have had a merry Christmas and are optimistic of a healthy and prosperous new year.

We also hope that you plan to join us on January 4th for our open house, course registration morning. Doors will open at 9:00 am and registration will continue until 12:00 noon in the Business & Education building.

The spring semester offers some 45 courses to choose from with a wide range of general and technical subjects.

If you have not received the Spring Catalog of courses in the mail, one may be obtained at the Continuing Education office in the Business & Education building, or more conveniently, visit online at aikenlearning.org, where the entire curriculum for the upcoming semester is presently available.

Because it is important to emphasize, and as I mentioned last month, we are well aware of difficulties that certain students experienced in registering for classes last semester, and we have worked hard to alleviate some of the problems, **and eliminate waiting lists**.

I look forward to seeing everyone on January 4th, and in the coming semester.

Sincerely,

David Tavernier, CLL President

Loss of Long Time Volunteer

It is with great sadness that we report the recent death of long time volunteer Carolyn Heh, whose funeral was held December 10 in Aiken.

Carolyn Heh

Carolyn was heavily involved in the early operations of the Aiken chapter of SeniorNet. She later was instrumental in the separation from Senior-Net and creation of the independent McGrath Computer Center, which eventually became part of the Center for Lifelong Learning. In her tenure she served as Volunteer Manager, Classroom Coach, and Coordinator of Programs. Her husband George remains involved and has taught recent Technology courses.

Carolyn's full obituary from the *Aiken Standard* may be found here.

Catalog Updates

The *Introduction to Zumba Gold* class, Feb 1, has been moved back 15 minutes to allow more time between classes. The new time is 12 noon to 1 pm.

Following registration opening day, some additional adjustments may be made for classes that prove popular and exceed the capacity of their assigned classrooms. Any updates will be published monthly here in *The Spiral*, and on the Center's website as they occur.
