

The Spiral

Newsletter of the Center for Lifelong Learning, University of South Carolina Aiken

FEBRUARY, 2023

President's Message

Greetings,

Now that our Spring semester has begun, we are pleased to see so many familiar faces in class, as well as new faces. We hope that your expectations in our class offerings are met and even exceeded.

Although registration day at open house is past, remember, you can still enroll in any course listed in the catalog up until 1 week prior to the start of that class.

We are aware that some enrollees have been placed on a "waiting list." I apologize for this and want you to know that we are actively working with the university to end this situation. USCA has seen a general increase in its student population with no additional space being added. Therefore, it has become a problem in allocating classroom space between our program and undergraduate programs. Nonetheless, we are trying to solve that problem and eliminate "waiting lists" and double sessions. Please have patience and bear with us as we diligently work to alleviate classroom space availability.

Thank you for joining us this semester, and I look forward to seeing everyone on campus.

Sincerely,

David Tavernier, CLL President
